Foreword.

In offering the splendid collection of United States Coins, catalogued herein, it should be stated, in justice to its owner, William H. Woodin, Esqr., of New York City, that its completeness is the result of many years of painstaking labor and represents a large outlay.

While comparatively a young man, Mr. Woodin is really one of the pioneers among the collectors of American gold coins. He may, indeed, be the first collector of double-eagles. An examination of this catalogue will reveal the fact that in the '80s and early '90s, in the days of the Cleanay, Davis, Randall and Parmelee sales, Mr. Woodin was busily engaged in collecting his eagles, half eagles and quarter eagles.

It should also be distinctly unaerstood that Mr. Woodin in parting with this collection in no sense relinquishes his interest in coins or the pursuit of coin collecting. But, deciding, as other collectors have done, that it is the specialist alone who most perfectly completes his collections, he will devote his attention to only a few classes of coins. So, while Mr. Woodin will lose this fine collection,his loss will be the other collectors' gain, and their cabinets will be enriched by the additions of rare and beautiful gold and other coins in superb preservation.

Pages could be devoted to a list of the gold features alone, but only a brief summary of the more important pieces is given, which includes the following:

THE PLATE CATALOGUE.

As this catalogue will contain no less than fifteen plates of American gold coins, it is destined to become one of the very best reference catalogues ever issued.

I can state, after having seen all of these plates, that they are first class and far superior to the Mougey plates. Twenty-one varieties of early ten dollar pieces, all dated prior to 1805, as well as many other later issues, in gold, silver and copper are shown in detail almost equal to copper plates. Great stress should be laid upon the absolute perfection of the rare pieces and proof coins in this great collection, because they are far superior to anything that has ever come to my attention. Their perfection is reflected in these plates, hence the reasons for your having a plate catalogue. The price of $5.00 includes free a printed list of prices realized for each lot after the sale. Only 20 plate catalogues have been made.

CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. These are the only conditions under which bids will be received.

Coins and medals are sold at so much per PIECE, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c. up to $2.50, when 10c. advance must be bid, up to $10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in a lot and you wish to pay $5.00 for the entire lot, then bid $1.00.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

My charge for executing bids will be 5 per cent. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

We will send a printed list of the prices realized for this sale, for $1.50, cash to be sent in advance.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, Thomas L. Elder.

The Finest Collection Ever Offered At Public Auction

825 1849. Liberty head to left, stars. Rev. Value, date in wreath. Variety with wreath open at top and lightly engraved date. Brilliant mint state, almost proof. Finest obtainable. Rare. Plate.

826 1849. Another of the same variety, brilliant mint state.

827 1849. Variety with wreath nearly closed at top and double cut, or heavy date. Mint state.

828 1849 O. Open wreath. Nick on cheek, otherwise fine.

829 1849 C. Wreath almost closed at top. Uncirculated. Rare state.

830 1849 D. Open wreath. Fine; rare.

831 1850. Brilliant mint state. Rare.

832 1850 O. Very fine; scarce.

833 1850 C. Die break across head. Fine. Very scarce.

834 1850 D. About fine. Rare, coinage only 8,382 pcs.

835 1851. Brilliant mint state. A gem. Scarce thus.

836 1851 O. Fine.

837 1851 C. Very fine; scarce.

838 1851 D. Die broken on reverse through wreath to rim. Fine. Very scarce.

839 1851 D. Perfect die. Fine; very scarce.

840 1852. Uncirculated, bright.

841 1852 O. Very good.

842 1852 C. Fine. Rare.

843 1852 D. Very fine. Very rare. Plate.

844 1853. Uncirculated, bright.

845 1853 O. Uncirculated.

846 1853 C. Fine. Rare.

847 1853 D. Very limited coinage. Fine. V. Rare. Plate.

848 1854. Small size. Mint state.

849 1854 D. Entire coinage only 2,935 pieces, making it one of the rarest of the branch mint gold dollars. About fine, and the records of $20 and $21 in Wilson and Smith sales should be exceeded. Plate.

850 1854 S. Fine. Very rare. Recent record of $19 for this piece. Plate.

851 1854. New, large type with head of Indian queen to left. Brilliant proof. Adams does not record this as having been offered in this state before, and I find no record of it, unless in a proof set. Ten times more rare than a gold dollar of 1875, its value may be said to be unlimited. Plate.

852 1855. Brilliant proof. The only record of a proof piece having been sold I find in the Stickney Sale, where it sold for $33, and as gold has advanced considerably since then, it should bring much more in this almost unique state. Plate.

853 1855 O. Fine.

854 1855 C. Recut die. Very fine, slightly bent. Very rare. Plate.

855 1855 D. The 8 in date weakly struck, as is usually true with this piece. Only 1,811 pieces coined, and so rare that few of the largest sales had it. About fine. Plate.

856 1856, with slanting 5. Brilliant proof. I find no record of its having been offered in this remarkable condition. Excessively rare. Plate.

857 1856. Straight 5. Unc. Very scarce variety.

858 1856 S. Fine. ~~Rare.~~

859 1857. Brilliant proof. Excessively rare. The only record I find of public sale was the Wilson specimen, which sold for $20, which would seem a low price considering its great rarity. Plate.

860 1857 S. A trifle bent. Very fine. Rare.

861 1857 C. Very fine. Rare.

862 1857 D. Only 3,533 pieces coined. Very rare. Very fine. Plate.

863 1858. Brilliant, glittering proof. Excessively rare. The Wilson specimen sold for $18.00. Plate.

864 1858 S. Very rare. Record $7 in my last sale. Plate.

865 1858 D. Part of date weak as is usually so with this piece. Practically uncirculated. Only 3,477 pieces coined. Rarely ever comes better than very good condition. Plate.

866 1859. Brilliant proof. Very rare. One in the same condition in the Mougey Sale sold for $16. Plate.

867 1859 S. Uncirculated; rare state.

868 1859 C. Coinage only 5,235 pieces. Extremely fine and very rare. Plate.

869 1859 D. Fine. Very rare. Seldom comes above V. Good. Plate.

870 1860. Brilliant proof. Very rare. Sold for $11 in Mougey Sale. Plate.

871 1860 S. Coinage limited, and rarer than generally supposed, as very few of the largest sales had it. Very fine. Present record stands $13 (Wilson Sale). Plate.

872 1860 D. Entire coinage only 1,566 pieces! A record of $82.50 made for a fine specimen. Very fine. Excessively rare. Plate.

873 1861. Brilliant proof. Record made in Mougey Sale, $9.25. Very rare. Plate.

874 1861 D. **The rarest of gold dollars!** Coinage not given in mint record, so it can only be guessed at, but judging by the number of pieces which have been offered at public sale the piece is several times rarer than the 1875, or even the 1870 S. This is one of the finest examples extant, being extremely fine and the record of $280.00, made at the Wilson Sale, should here be exceeded. Plate.

875 1862. Brilliant proof. Very rare. Record of $12 made in the Mougey Sale. Plate.

876 1863. Brilliant, glittering proof. Excessively rare. The records for this piece, running up to $40 in the Lockwood Sale, would seem far too low, considering its rarity in even fine condition. In this brilliant state certainly as rare as 1875. Plate.

877 1864. Brilliant uncirculated, with strong date. Very rare. Plate.

878 1865. Brilliant uncirculated. Coinage given as only 3,725 pieces, being several thousand less than coined in either 1863, or 1864. The price realized at this sale should be correspondingly large.

879 1866. Brilliant, glittering proof. Judging by the number of times this piece has been offered at public sale, it is as rare as either 1863, 1864 or 1865. Collectors should value it accordingly. Very rare. Plate.

880 1867.—Proof. Less coined this year than in 1864, and I am unable to find where it has been offered before in this condition. Extremely rare. Plate.

881 1868. Brilliant proof. I find but one record of its having been offered outside of a proof set in this condition. Extremely rare. Plate.

882 1869. Proof. Mint record gives for this piece a smaller coinage than 1864. Adams gives only one record of a sale in proof condition. Very rare. Plate.

The Finest and Largest Collection Ever Offered at Public Sale.

Philadelphia Mint.

928 1796. Draped bust of Liberty to right, "Liberty" above, date beneath, no stars on obverse. Rev. Heraldic Eagle. "United States of America." If the mint record, listing 66 pieces struck during this year, is correct, this should be rated one of the rarest of United States coins. Very fine and strong impression. One of the best yet offered for sale. Plate. Davis Collection.

929 1796. Sixteen stars on obverse. Several minute scratches in left obverse field, otherwise uncirculated; the reverse has some original lustre. Very rare. The Mougey specimen sold for $200, with a second bidder at $195. Plate. Cleanay Collection.

930 1797. Six stars before, seven behind head. Die broken from Y in "Liberty" to lowest star, as usual. I find records of $200, $210, $240 and $282.50, for this date. Sharp, even impression, uncirculated with proof surface. Extremely rare, not over a dozen known to exist. Plate. Cleanay Collection.

THREE DOLLARS.

The Finest, and the Only Complete Collection of this Denomination Ever Offered For Sale.

1870 SAN FRANCISCO THREE DOLLARS!

1160 1870. San Francisco. General types identical to preceding, but the mint mark is smaller and narrower than usual. Over the wreath on reverse appear two or three minute scratches, which are hardly noticeable to the ordinary eye. The piece evidently has at one time had a loop attached. The milling appears regular.

A reserve price of $1,000 is placed upon this lot.

Facts Regarding The Coin.

Accompanying this coin is the indisputable certificate of its genuineness, written in ink on a piece of yellow paper by **the coiner of the San Francisco Mint in 1870, Mr. J. B. Harmstead,** which reads as follows:

"This Three Dollar piece is a duplicate of one under the corner stone of the San Francisco Mint and **the only one in existence.** J. B. Harmstead."

The coin came from the family of Mr. Harmstead, wrapped in the above note.

Newspaper clippings state that in 1870, when the corner-stone of the new San Francisco Mint was laid, one specimen of each variety of the coins of the United States was placed in the corner-stone.

Under date of May 22nd, 1907, Mr. Dan Cole, the present coiner at the San Francisco Mint, wrote as follows:

"The new mint building at our present location, 5th and Mission Streets, was commenced in 1870 and was completed in 1874, and **Mr. J. B. Harmstead was then coiner.**"

This letter also accompanies the coin.

Several of the greatest numismatists in the United States who have given the coin careful examination, say the piece is authentic and official, basing their decisions more on its general appearance and workmanship than on any written certificate or letter.

Undoubtedly this is the most remarkable gold coin of the regular series, and is, naturally, the only one which will ever be offered at public or private sale.

1161 1871. Brilliant proof. Very rare in proof condition, and coinage very small. Plate.

1162 1872. Brilliant proof. Rare in uncirculated condition, but very seldom met with in this state. Ordinary specimens have sold up to $12.50 in my own sales. Plate.

1163 1873. Perfect brilliant proof. Excessively rare. The mint record gives but 25 pieces struck for this year. The advance of this date has been remarkable, for as recent as 1901 it sold for $43. The latest record is that of $150, made in my last sale. Plate.

1164 1874. Brilliant proof. Excessively rare and valuable in this condition. Plate.

1165 1875. Ranks next in rarity to the 1870 S. Only 20 pieces were struck. Fortunately most of these got into the hands of collectors, or this date would been as lost in oblivion as the 1894 S. dime. The highest price realized for this coin was in my recent sale where it sold for $530 with a second room bid of $525, so that a great record may be expected for this gem piece which is the finest that has ever come to my attention. Plate.

A reserve price of $475 is placed upon this lot.

1166 1876. Brilliant proof. The mint record gives the number coined as 45 pieces, but the piece seems to be considerably rarer than 1873, indicating that the recent auction records of about $175 were far too low. Excessively rare. Plate.

1167 1877. ~~Proof.~~ Extremely rare. The Jewett piece, described as only "very fine" sold for $85. Some rank it in rarity with 1873. Plate.

1168 1878. Brilliant uncirculated.

1169 1879. Proof. Rare. Coinage small.

1170 1880. Brilliant proof; rare. The record of $35 for this was made in one of my recent sales. Plate.

1171 1881. Brilliant proof. As only 550 pieces of all kinds were struck this is the rarest $3 gold piece after 1877. Plate.

1171a 1881. Proof. V. Rare.

1172 1882. Only 1,540 were coined. Record for this date made in one of my sales—$25.

1173 1883. Only 940 pieces of all kinds struck. Very seldom offered in proof condition. Very rare. Plate.

1174 1884. Brilliant proof. Rare.

1175 1885. Only 910 pieces struck. Very rare, especially in this preservation. Plate.

1176 1886. Brilliant proof. Rare, coinage very small.

1177 1887. Brilliant proof. Rare state, and coinage small.

1178 1888. Brilliant proof. Rare.

1179 1889. Brilliant proof.

1191 1799. Smaller stars, even date, away from bust, stars away from bust and "Liberty." Star just below front of beak but does not touch it; berry above center of A. Bright mint state. Rare specimen. Plate.

1192 1799. Uneven date, last 9 too high, and near bust. Star touches Y. Die broken downward from rim through E, and at edge over 7th and 8th stars. On reverse, star below eagle's beak and farther distant from it than in last; third and fourth stars from left touch clouds. Uncirculated. Plate.

1193 1799. The same variety, but perfect die. Extremely fine. Plate.

1194 1800. Sharp, beautifully struck specimen. Mint bloom with considerable proof surface. Exceptional and very rare example. Plate.

1195 1801. Large stars on obverse. On reverse, star touches top of eagle's beak. Looks to be a proof, but fields may have been polished. Plate.

OCTAGONAL FIFTY DOLLAR GOLD PIECES.

1600 1851. August Humbert. Eagle and banner "880 Thous" on ribbon. Reverse, engine turned. Sharp, uncirculated, mint lustre. None other has ever been offered so perfect, except the proof in the Zabriskie sale, which sold for $1,000. Owing to the extreme softness of the gold in these pieces it is well nigh impossible to obtain an uncirculated, bright specimen. Plate.

1601 1851. August Humbert. Variety with 887 Thous, the 887 incused; below the eagle "50 D(ollars) C"(ents). The edge incused "August Humbert United States Assayer of Gold California 1851". Reverse engine turned with "50" in circle in center. The entire piece has been retouched and burnished, so it looks like a brilliant proof. A very handsome coin in extremely fine condition. Very rare. Plate.

1602 1851. August Humbert. Same variety, but a piece uncirculated. Sold in my own sale for $330. One of the finest extant of this rare variety. Plate.
